**DESCRIPCION DETALLADA** Trabaje de 1 a 9 pm. Pero me quede a cenar en el mismo lugar de trabajo. No me di cuenta cuanto tiempo transcurrió cuando empezó el alboroto. Me encontraba con mi compañera [redacted] ella trabajo igual que yo en el mismo horario. De pronto escuchamos rafagas como de una metralleta pero nosotras no estabamos seguras de que fueran balazas. En eso, vimos que algunas personas corrian como buscando la salida. Dejamos de comer y nos acercamos a ver qué era lo que pasaba. La gente se abrió paso entre los demás y me empujaron y me caí al suelo, trate de pararme pero mucha gente pasaba sobre mi, me pateaban brincaban al pasar sobre mi, me lastimaron tube algunas heridas leves sangrando. Al fin me pare y pude ver a una señora mayor tirada igual, fui a auxiliarla llebandola a un lugar mas seguro. Yo pensé que esa noche yo moriria junto con todos los demás. Como pude jalé a algunas personas tirada al suelo a la pared para que no las lastimaran. Finalmente pudimos salir.

## DETAILS

I was located center of the stage approximately 100-150 feet away. Heard 3-4 "pops". Thought someone set off firecracker. There was a brief pause, then several more pops. Seemed like a commotion to my right in the direction of Mandalay Bay/Luxor. I looked around and saw several people falling to the ground. I dove for cover on top of my wife. Multiple rounds were then being sprayed. We ran away from the strip to take cover, hid behind several cars. Woman behind me stood up and was struck in her head. We ran toward the airport. Heard rapid fire the entire time until we took cover in the hangar.

## DETAILS:

I had finished my break about 10pm. I was going back to work at the VIP area. When I was on my way back I heard shots that seemed like fireworks. They seemed to be coming from Mandalay Bay but when I looked I could not see anything. When I heard another round of shots I ran to the trailer that I had taken a break in. I took shelter there with my co-workers and a girl. When we heard over the radio the man was inside the venue we tried to get out but when we opened the trailer more people came in. When we finally left the trailer I grabbed the air that was there in the trailer and we ran. As we ran we heard more shots. We saw hundreds of people running and saying the man that was shooting was coming. We ran through Reed St until we got to the Impiana. We saw people get trampled and saw many bleeding people. The girl I brought with me was the daughter of the owner of the company I worked with. He met up with some people kept saying the man that was shooting was still coming after people so we ran.

the pool @ the Tropicana. After Tropicana I went to the more MGM and asked for water. When I was @ MGM more people said the man was now there so I left outside and got a taxi to go home. I cannot sleep because I am very nervous and I still tremble. I got home and turned off all the lights because I was scared the man was going to come and kill me. I want to thank the police because they saved us. He would have killed us all with all those guns he had.

## DETAILS

I was with 6 of my friends on the west side of the stage. I heard what I thought was fireworks, I thought it was very loud and aggressive but laughed it off. I then noticed that people started yelling to RUN. That's when I heard "machine gun" fire. People were trampling over the fences and gates. I lost all my friends except 2 others. We ran as fast as we could towards a dirt parking lot where all the tour buses were. As we were hiding under a bus, we witnessed a girl (25 yrs old-ish) get shot. I am not sure if it was her hand or not but she was bleeding everywhere and that's when we decided to keep running and hiding behind cars. I saw numerous shots fired into the →

DESCRIPCION DETALLADA <sup>injured</sup> helping with people. They told me I'd be okay, just to get to a hospital. So we walked through the back parking lot of the Hooters Hotel in to the building. After being there for about 10-15 minutes they asked all those who were able to walk to evacuate the building. So my mother, myself, and 2 other adults who had joined us by this time walked out and down the street to the Motel 6 located on the corner. There a family friend who did not attend the concert picked us all up and brought me to the Spring Valley Hospital to be seen for my gunshot wound on my right calf.

DETAILS I was at the Route 91 Harvest Festival on October 1, 2017. I was standing near center stage about 20-30 ft. back from the stage railing when I heard a noise which sounded like fire works coming from the right of me. <sup>(around 10 pm)</sup> The concert continued but a few minutes later gunshots ensued and people began running and screaming "Get Down!" My mom jumped on top of me and we laid on the floor together for about 5 minutes. We then began to evacuate so we got up and ran away from the stage area. Everytime we heard gunshots we dropped to the floor. After running back far enough we spotted an exit and began running towards it, eastward. It was during that time that I felt a bullet hit my <sup>right</sup> leg towards the bottom of it. My Mother & I kept running until we had made it out of the concert venue. We then ended up in the back, <sup>across the street</sup> of a Catholic church located down the street from the venue. Some cops were there so we went to them. Other people were there who were

Attending Route 91 concert as a guest. When the shooting started I was in the Red Bull suite S. I was out on the patio area when I heard what sounded like fireworks. Sporadic "popping" sounds. That's when something hit the inner part of my right thigh/knee area. A woman in the suite next to me also got "hit" at the same moment to what appeared to be the leg region. After that the multiple guns shots started happening. ~~the~~ If you are facing the stage the suites are located to the left side. When I got "hit" it came from the left side ~~area~~ (Stage side) I was facing Mandalay Bay. After the continuous shooting started we got down on the floor and when the shooting paused we ran to the back of the ~~Red Bull~~ suite and ran out the back of the concert. The shooting continued as we ran east from personally being there it seemed to be more than 1 shooter.

TT: So we're gonna go now?

[REDACTED] Yeah. So, we run on the pathway where it's asphalt. Uh, an asphalt walkway - an asphalt walkway. Um, chairs on this left side, like toppled chairs. The sitting area is right here and the standing area on our right side. So there's, like, a strip of just asphalt between, um, kinda turf for a sitting area and turf for a standing area. So we run whatever the other street is that's on the south...

TT: The far south.

[REDACTED] ...south, yeah. Um, and it looked like a staff exit or, it wasn't any exits that we had entered in...

TT: Yeah.

[REDACTED] ...on through the day. Um, and we kinda make our way into, I believe it was the Hooter's parking lot. And then it hits me, like, oh shoot I'm a frickin' registered nurse and trained to do all this shit and I didn't even turn around to help. So, I di- I didn't turn around to go back in, but I, um, kinda stopped and asked a couple ambulance and they're like, "No. Just ke- just keep going. Just keep going." Which is good.

Um, and [REDACTED] started - [REDACTED] says, "I haven't heard from [REDACTED] but she was up front so I'm sure she's okay." 'Cause we all thought it was coming towards us.

TT: Yeah.

[REDACTED] We all thought it was right there. Um, so she kept saying that - that we hadn't heard from her.

TT: Mm-hm.

[REDACTED] We had heard from everyone else except her.

TT: Okay. And, now this is well after the incident and you still haven't heard from her?

[REDACTED] This is - yeah.

TT: Okay.

[REDACTED] So I, um, I had talked to [REDACTED] and he said just try to get a ride from someone. Um, which I was, like, no one's gonna pick me up. I wouldn't pick anyone up. But I just - I was, like, I knocked on a couple's window -- they looked nice, they actually work here. Um, and I said, "We don't live here. We have a house rented down the street can you take us to the house?" And they hesitated and eventually they - they agreed. Then in the car, um, [REDACTED] gets a phone call from the Marine that helped [REDACTED] get here.

TT: Okay.

[REDACTED] So [REDACTED] was able to hand gesture that her mom's phone number, um, so he gives her mom a call and says kinda what happened. So we reroute from the hosp- from the hou- going to the house to the hospital which is - was right, I don't - not very far.

TT: It's not that far. Yeah.

[REDACTED] Um, and then we get here and I, you know, I - I - we're here with - with the -the Marine and then there was another security officer that helped her and then, um, everyone else was back at the house. Well [REDACTED] still at Tropicana but she gets picked up once [REDACTED] gets here and it all kinda mellows down.

TT: All right. You - did you ever see anything suspicious while you - just before or while you were hunkered down in that tent?

[REDACTED] I didn't see anything suspicious.

TT: Okay. All right. Operator, this is gonna to be the end of the interview. The time is gonna be 2122 hours. Ah, same people present. Thank you.

## VOLUNTARY STATEMENT

PAGE 3

EVENT#: 171001-3619

STATEMENT OF: [REDACTED]

[REDACTED] Uh, Jason Aldean was the final performer, we were al- we were having a good time watching Jason Aldean and all of the sudden we heard pop - pop - pop - pop - pop. My husband said it sounded like fireworks and then I told him, I said, "I think I got hit with something," and you could see from the Mandalay Bay green, um, like lasers almost like with gunshots and then they'd stop and then they would start again. And everyone started, um, running. My son got shot and he fell and literally passed out so everyone was giving him CPR and we were trying to push everybody underneath where the VIP section was...

GS: Okay.

[REDACTED] ...and hide underneath there because the shots just kept coming but they were coming from the Mandalay Bay.

GS: So this was an outdoor staged theater type area, correct?

[REDACTED] Correct.

GS: Okay.

[REDACTED] Correct.

GS: Um, with respect to this stage and where Jason Aldean was performing, where about were you standing at kind of?

[REDACTED] Um, to the right of the stage. So if you ended up getting the floor plan, the VIP section and then there's grass turf and there were a couple of stands, we were probably about 3 feet in front of where that was off to the right of the stage.

GS: Okay. What were you wearing when you were standing over there?

[REDACTED] I was wearing shorts, flip flops and this camo shirt. And I had a, um, red white and blue backpack with me and a purse.

GS: Okay so you have a - a green camouflage shirt on right now. What color shorts were you wearing?

[REDACTED] Uh, denim.

GS: Okay. And you're a white female with blonde hair. And you had a, um, a red white and blue backpack on?

[REDACTED] Yes.

GS: Your son that was shot, do you remember what he was wearing?

[REDACTED] He was wearing a baseball hat, I don't remember which one - oh I think it might have had a snake on it. Um, he had a grey tee-shirt on and a pair of, uh, Levi's and he was wearing boots. And then he had a, um, like a b- bag that was red white and blue that could hold a water bottle and things.

GS: Okay. Um, you said you had heard what you thought were fireworks and - and you felt like you - you were hurt, what - what did you feel?

[REDACTED] I - I - my rear-end kind of hurt and then I put my hand down my pants where it hurt and it didn't look like blo- it looked like a little drop of blood and then just liquid and my husband's like, "You're not hit," you know, because he said it sounded like fireworks. And so I was like okay, you know.

STATEMENT OF: [REDACTED]

GS: Okay. And you said you had looked back towards the Mandalay Bay and you had saw something that was green?

[REDACTED] Green, mm-hm.

GS: What - what - what - what did - what did you see that was green?

[REDACTED] It looked like on a balcony and it was almost like a light and it was just flashing. It kept flashing and then it would stop when the shots would stop, and then it would flash again when they were shooting again. Or we assumed that they were shooting again.

GS: Okay. Was it - was it like a laser, did you ever see any lasers on your personally or anything like that or no?

[REDACTED] No lasers on me personally but when you saw the - you could see from the balcony you could see the green lights that were flashing every time the noise made the sound.

JL: Could you see that green light traveling across...

[REDACTED] I could not see that traveling.

JL: ...or just kind of the flash?

[REDACTED] It was kind of like - it was just kind of like a flash so it would keep flashing and then it would stop when the...

JL: Okay.

[REDACTED] ...when the noise sound stopped.

STATEMENT OF [REDACTED]

GS: All right. Are you familiar with guns at all?

[REDACTED] Yeah I have one.

GS: Okay. Have you ever seen, uh, do you know what a muzzle flash is? Like if a gun's for at night time do you know what a muzzle - muzzle flash is?

[REDACTED] No I don't know what that is?

GS: Okay. So if I understand it right -- and I want to make sure I understand what you're saying so if I'm wrong please correct me, uh, it sounds like whenever you heard the - the gunshot, the report of the gunshot you saw a light associated with that?

[REDACTED] Yeah, green.

GS: Okay. And that was coming from the Mandalay Bay?

[REDACTED] Correct.

GS: Was that at the ground level or higher or where was it coming from?

[REDACTED] It was more a little bit above the middle but not at the - at the top. And it wasn't all the way to the right, it was like 3-4 of the way, it wasn't directly in the middle.

GS: Was it coming from a room or like a balcony or...

[REDACTED] It looked like it was coming from a balcony.

GS: Okay.

JL: Did you see any of that muzzle flash, that - that green that you saw, did you see that from anywhere else in the hotel or was it all isolated in that one spot?

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**VOLUNTARY STATEMENT**  
PAGE 7

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

[REDACTED] It was only - I only saw it in that one spot. It just kept going off in that one spot. 'Cause we were sitting there on the ground with my son and we're like, "It's coming from up there. Look, it's coming from up there."

JL: Mm-hm. Do you remember how long it lasted?

[REDACTED] Just every time the shots went off. And it would be pop - pop - pop - pop - pop, like firewor- almost like, um, if you took a string of the fireworks, my dad used to have fireworks...

JL: Mm-hm.

[REDACTED] ...when you took a string and you- you'd pop 'em just that long and then they'd start again.

JL: Do you remember how long the whole event lasted before the shooting actually stopped?

[REDACTED] Um, no because we were working on my son and everybody kept going underneath, uh, um, underneath telling everybody to get out. And when they were telling us to get out the shots continued to go. And I don't know, I didn't even look at the time but, you know, it was just mass chaos after that, you know.

GS: Did you happen to see who was shooting the gun?

[REDACTED] No.

GS: Okay. And did you see anybody else shooting a gun from any other direction?

[REDACTED] No.

**VOLUNTARY STATEMENT**

PAGE 8

EVENT# 171001-3519

STATEMENT OF: [REDACTED]

GS: Did you, uh, hear gunshots from any other direction other than that one place at the Mandalay Bay?

[REDACTED] I did not although, um, [REDACTED] and I -- my [REDACTED] -- had left the venue, we couldn't go with my son to the hospital and I had to go to the bathroom, we went to the Tropicana. And when we went to the Tropicana everyone started running, I guess there was a shooting there, and we ran out the back door and kind of ho- ho-stayed in a corner where a palm tree and stuff was before I went to the paramedics when we looked like it was all safe. We were on the back side, um, over by where Hooters were, we were sitting over in that - in a little corner, um, by the pool entrance.

JL: Did you hear any gunshots at the Tropicana or did somebody said that there were gunshots?

[REDACTED] Um, I didn't hear any gunshots but all of a sudden just mass chaos and everyone started screaming and running. And [REDACTED] and I were like, "Oh my God, here it goes again, we can't handle this." Because there was a group - we had a group of over 25 people that were with us and so trying to keep tabs on everybody, you know, my son was shot, one of my other friends was shot, um, so - something happened at the Tropicana though afterwards. And then we went over and there was somebody laying there...

GS: Okay.

[REDACTED] ...with a sheet but...

**VOLUNTARY STATEMENT**

PAGE 9

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

GS: And you were - you were brought here to, uh, Southern Hills Hospital, how did you get here?

[REDACTED] Um, I got here - they said it's not a paramedic, that you guys brought in some kind of truck. So we went over to the Hooters, um, and [REDACTED] said, "You need to have your thi- your wounds looked at," and we went over there and, um, you guys - the - the police had something set up where it was like a makeshift like ER type of thing and they were assessing everybody...

GS: Mm-hm.

[REDACTED] ...and they looked at my wounds and then they - they let me - they put me in with somebody else and they let [REDACTED] go with me.

GS: Okay. And once you got here to the hospital you were treated for your injuries. What - what specific injuries did you sustain to your person?

[REDACTED] Um, I have a wound shot - or a gunshot to my rear-end and it went in one side, out the other. They did a CAT scan and I have, um, some fragment left in me but nothing to be concerned about he said.

GS: Okay. Did that bullet go into your left butt cheek or your right butt cheek?

[REDACTED] He thinks went in on the right and out the left.

GS: Okay so it traveled through - through both possibly?

[REDACTED] Mm-hm.

GS: Okay.

[REDACTED] No I - there's two holes.

[REDACTED] Yeah.

GS: Um, you had told me earlier that your phone was damaged also?

[REDACTED] Yes I don't have it with me but yes.

GS: Okay.

[REDACTED] Um, I - I - I have a Fitbit...

GS: Mm-hm.

[REDACTED] ...and I couldn't get a hold of anybody and all of a sudden my Fitbit kept going off so I knew the phone had to be somewhere because we didn't think we - everyone lost their phones and everything. And, um, [REDACTED] found my phone in my backpack when we were in the hospital and, um, it was shattered in the corner and it was also broken where you turn it on and off, it's an iPhone. And we think that it had to have been the bullet because I - in and out as I would take pictures...

JL: Mm-hm.

[REDACTED] ...I was putting my phone in my back pocket.

GS: Okay. Did you sustain any injuries to your person other than where the bullet entered, uh, the one part of your buttocks and exited the other?

[REDACTED] No.

[REDACTED] Through the whole thing?

GS: Through the whole - yeah through the whole incident.

[REDACTED] A lot.

GS: Okay.

[REDACTED] It - like I said, it sounded like if you did a whole little thing of firecrackers, you know, and I don't know, are the 6, 12, 18, whatever they are, just a strand of 'em, and it just kept going on and on and on. It - it just didn't stop.

GS: Okay.

[REDACTED] It would stop, you know, go and then stop, go and then stop.

GS: Okay.

[REDACTED] I even saw Jason Aldean running off the stage, they were grabbing him. I mean it literally sounded like firecrackers at first that's what we thought, who is...

[REDACTED] Sure.

[REDACTED]  
GS: Okay. Do you know your room number by any chance?

DETAILS:

I was working as stage hand at the Route 41 festival. My coworker [redacted] and I [redacted] had just finished putting away instruments and speakers for singer Jake Owen. The lead stage right [redacted] instructed us to get off the stage. Most of all of us got off the stage. About 10 minutes after getting off the stage, I started hearing gunshots, and my coworkers stated it was fireworks in which I [redacted] told her [redacted] It was gunshots. I told my coworkers to duck down which I also ducked down to, then I heard another round of gun shots to which I stayed down till the third round of shots in which everyone in the crowd started yelling that there was people shot and dead. I ran towards the crowd to help. I heard another round of shots at that time I was trying to protect myself and the people around me. I started helping injured people get in the buggy cart. I helped about 10-15 people.

DJ: Okay.

[REDACTED] ...I looked over at Mandalay, but I couldn't - it sounded like everything was echoing 'cause there - all the buildings and everything it just sounded like it was comin' from everywhere.

DJ: Right.

[REDACTED] Um, but I was standing on, there's that divider up the middle...

DJ: Uh-huh.

[REDACTED] ...where there's like some bars and stuff, I was standing on the right side about, uh, s- 50 to 75' from the stage.

DJ: Okay.

[REDACTED] Um...

[REDACTED] Yep. Um, once the - so they star- all that stuff started goin' off, sounded like fireworks, or the little poppers whatever, and - but then once Jason Aldean and his guys ran off stage, that's when it seemed like, to be real, so everybody got down, and, uh, I was with one of my friends and I lay on top of her and then that's when I got shot in the - right here...

DJ: In your left sh...

[REDACTED] ...my left...

DJ: ...left shin area?

[REDACTED] ...left shin, yeah.

DJ: Okay.

[REDACTED] Fibula, um, and then we waited for the shooting to start - or to stop, as if he was reloading or grabbin' another gun or whatever, I think it was grabbing another gun, and I ran to the closest - the little divider where there was a bar, jumped over, um, and laid - proceeded to lay down again...

DJ: Uh-huh.

[REDACTED] ...and then I got shot again, right here in my hip.

DJ: Oh, right in your hip?

DJ: Uh-huh.

[REDACTED] ...towards that parking lot, and, uh, I went inside House of Blues...

DJ: Uh-huh.

[REDACTED] ...'cause that was a covered bar.

DJ: Right.

[REDACTED] And, uh, a guy in there helped me, he grabbed me and threw me on the bar, on top of the bar, and took my shirt off and cut it in half and did a tourniquet on my leg.

DJ: Okay.

[REDACTED] Um, and then he and another gentleman carried me outside and all the fencing was knocked down, all the temp fencing, so they walked me over that into the parking lot, and then there was a guy in an SUV, um, I don't remember what color or whatever, it mighta been like a Yukon, and he said he was goin' to the hospital so they threw me in there and he drove me to the hospital, he got me there in probably like, five minutes - I'm - a- and went to Desert Springs.

[REDACTED] I did, yes.

WH: Uh, during that time, uh, right before the incident happened, where would you have been in the concert area, and did you see anything or can you tell me what happened?

[REDACTED] We were somewhat close to the stage, like, were we 30 yards back babe? About 30 yards back from the stage, and, uh, we started hearing these popping sounds, and the music stopped momentarily, um, and it sounded like fireworks, then we said...

?: (Unintelligible).

WH: Okay.

[REDACTED] So, we, um, we weren't concerned at first, and then one of our friends that we were standing with got shot. She - and she said, "I've sho- I'm shot in the butt, I'm shot." So, in the chaos we all kind of ended up losing each other and I just headed to - when you're facing the stage, I headed to the left, and there was this fence that was about you know, this high, and I climbed, just threw myself over it, and there were tons of people back there on the ground and so we were all kind of huddled together and kinda crawling and tryin' to get out of the venue. And, they weren't shot and so, um, a buncha people helped me, they ti- I had a sweater, they tied it around my arm, for me to try to, um, slow down the bleeding and then they

Airport 12's Response to Airfield Breaches (Paradise Aviation Hangers and Gate 47 Area)

SUBJECT

DIVISION REPORTING: <u>Tourist Safety</u>	DIVISION OF OCCURRENCE: <u>Tourist Safety</u>
DATE & TIME OCCURRED: <u>October 1, 2017 at 2205 hours</u>	LOCATION OF OCCURRENCE: <u>October 2, 2017 at 0200 hours</u>

**NARRATIVE:**

On 10/01/2017 at approximately 2205 hours, Airport 12 (AP12) squad members started pre-shift briefing at the Terminal Three substation. Sgt. D. Toney P# 6271 physically entered to tell us there was an active shooter in the area of Mandalay Bay and the Luxor Hotel/Casino area. During Sgt. Toney's advisement, the Airport Control (ACC) broadcasted a black SUV had breached the airfield at Gate 47. Further, this vehicle was left parked in an active taxi-runway. As AP12 members were breaking from briefing to go to our posts, ACC broadcasted that Department of Aviation (DOA) personnel were reported large amounts of people were breaching the fences and running onto the active taxi and runways throughout the west side of the air field. Some AP12 members were monitoring South Central Area Command or Convention Center Area Command radio traffic, confirming an active shooter incident.

Sgt. Toney and Sgt. M. Lardomita P# 5083 told AP12 to get vehicles and report to our posts. Sgt. Lardomita assigned me to partner with Officer J. Arrigo P# 7933 who was assigned the ramp area of the airport. A swing shift, ramp unit was requesting back-up as that unit was arriving the west side of the airport; he confirmed a large number of people were breaching the airfield and confirmed a black SUV was left abandoned in the active taxi-runway area. Sgt. Toney directed AP12 members to deploy their rifles.

Prior to leaving Terminal Three, Officer Arrigo and I attempted to locate extra shotgun and pistol rounds in the T3 substation, but could not locate any. Then, we responded to the west airfield via traveling around runways 25, up the south fence perimeter, to the west fence. When we arrived at the Maverick helicopter terminal, we started conducting a perimeter fence check, traveling north Signature, Jen Air terminal, until we made contact with approximately 63 people sitting just inside the airfield by the Video Poker hanger/building and Gate 47 area.

Sgt. Toney and Lardomita established an Incident Command Post at the Atlantic Hangers by, north of our location. Eventually, Captain Glenn Lowe was on scene.

Officer Arrigo and I quickly screened these persons for weapons and no one was armed. We determined these persons were survivors from the active shooter incident which was ongoing. They were all visibly and noticeably up-set, distraught, crying, and emotional spent. At that time, there were numerous dispatches of other possible armed suspects in our immediate area, just north and west of our location. Also, we checked for

gun-shot wound (GSW) victims and made a limited assessment of all possible injuries. No GSW victims found with this group, but there were some minor injuries. At this point, we set up a victim-survivor collection point by the airfield fence, just northeast of the Video Poker hanger.

The Video Poker Terminal northeast entrance area, glass door and windows, had been broken into. I noticed several people inside the lobby area. I ordered these people out of the building one by one. I visually inspected them for threats. These peoples were also noticeably up-set, distraught, and crying. I had these people sit with the others by the fence just outside of the airfield. One white male adult identified himself as a fire department paramedic. After I confirmed this through his identification, I asked him to assess this group of people for injuries.

Because there still reports or other possible armed suspects, I took a position to protect the area of the survivors and victims. We set up a transition point that persons must pass through before being allowed into the collection point. This transition point was used to challenge, identify and screen all civilian persons who entered this area. For this area, I found cover west of that location, on Haven Street, between the hangers. I challenged all persons who were either walking or driving into this area. Officer Arrigo was radioing the ACC of our status and requested medical. Three other officers arrived at our location.

Arrangements had been made to move the victims and survivors, just north of our location, inside a Hanger 8 as a safe zone and as transportation pick up point to transfer these victims to the Thomas and Mack Center.

After this group were secured in Hanger 8, Officer Arrigo and I walked westbound on Haven to survey the damage done to airport building, hangars, and property up to Haven Street's main sliding gate. This gate been pulled open to gain entrance to airport property. Several office windows had been broken to gain entrance into the various buildings and hangars. Officer Arrigo and I made contact with approximately 17 other survivors. One person had a possible dislocated right shoulder. We escorted these people to Hanger 8.

We returned to the breached fence area by the Video Poker hanger. We heard people inside that office section of that hanger. Arrigo, two unknown police officers, and I cleared this office section. We located approximately 16 other survivors. We escorted them to Hanger 8. When we returned, a Department of Aviation maintenance crew was patching up the breached section of the fence.

There were persons reported on the roof tops of various hangers and building on the west side of the airport. A request was made to have an air unit conduct a fly by. Other officers were clearing these buildings and hangers as well as the roof tops. Arrigo and I returned to Hanger 8. I advised the survivors and victims, they would be transported off the airport to the Thomas and Mack. I answered various questions asked and provided a cell phone so some survivors could call their relatives to advise them, they were safe.

During this time, I came into contact with [REDACTED] [REDACTED] said he was staying at the Mandalay Bay in room [REDACTED] was at the Route 91 concert when the shooting started. He said there were at least two types of weapons being fired. Initially, he thought firecrackers were being lit and thrown into the air, then exploding because he saw the torn paper casing floating into the air. Next, he heard heavier arms fire with the projectiles or bullets hitting the ground. I took [REDACTED] information. Sgt. Lardomita gave me a phone number to forward this information: [REDACTED]. I spoke with a lieutenant and gave him [REDACTED] information.

Once these survivors and victims were transported to the Thomas and Mack, I returned to my post at Terminal Three. Officer Arrigo continued with his assignments in the west side of the airport.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

NOTE:

During this incident, Officer Arrigo and I came into the contact with a retired [REDACTED] later identified as [REDACTED]. He had been consuming alcoholic beverages and was carrying a concealed firearm. Initially, I challenged [REDACTED] in the safety-screening zone. [REDACTED] showed a badge and identified himself as a retired [REDACTED]. I confirmed [REDACTED] was carrying concealed. I could not clearly see his badge to determine its authenticity. As I was ordering [REDACTED] into a lighted area, he would not comply. [REDACTED] attempted to control our interaction, until I racked a round into the chamber. Not until then, he complied with my directions and orders. Another officer recognized [REDACTED] and told me. With [REDACTED] identity confirmed, he was allowed into the collection point to look for his daughter.

Later, we had another problem with [REDACTED]. [REDACTED] was directing the survivors and victims to leave/exit Hanger 8 after they had been placed there to wait for transportation. This caused more confusion for the survivors/victims as well as for the police officers. [REDACTED] was told to follow directions, and not undermine our efforts. He was reminded, he was retired and had no authority. He argued with Officer Arrigo concerning the survivors/victims being in the hanger. [REDACTED] had to be threatened with arrest for obstruction before he complied and stopped interfering. [REDACTED] level of intoxication was not determined.

There was another off-duty LAPD officer who gave us some minor problems in Hanger 8. He was told to comply or face arrest. He apologized and followed directions.

NOTE:

The Airport Bureau was fortunate the Swing shift squad had not yet secured. If the only manpower available had been AP 12, we would not have been able to handle the security breaches and other issues resulting from this active shooter incident. Further, this incident exposed that the airport's security perimeter fence soft and ineffective. These survivors and victims were able to breach the airfield by various means and methods.

Sergeants Toney and Ladomita should be recognized for how they coordinated manpower, resources, and efforts with the Department of Aviation, the Clark County Fire Department as well as the overall the handling of this incident.

BWC AVAILABLE S.FOX P#9485

On October 1, 2017 at approximately 2155 hours I, Officer A.Mitre P#15863 along with 10 year Veteran Officer S.Fox P#9485 acting as marked directed patrol unit 3DP12, vehicle 10412, were patrolling the SCAC Nora area. We had initiated the investigation of a suspicious vehicle located at the Emerald Suites, 3684 Paradise Rd, Las Vegas, NV, 89169. During the investigation, I heard a gang crime unit state he was switching over to the CCAC channel in reference to the active shooter at Mandalay Bay. I felt my heart sink into my chest. I immediately stopped what I was doing and asked Officer S. Fox if she had heard the same radio traffic. She stated she had not heard the radio traffic as she was engaged in a conversation with the two subjects related to the suspicious vehicle. I quickly briefed Officer S.Fox, and stated I was switching over to CCAC channel. As soon as I switched over to the channel, I immediately heard rapid gun fire in the background while hearing Officers state shots were being fired at Mandalay Bay hotel into the theater unsure where the shots were coming from. Another Officer yelled there were several people down and mass casualties. Officer S.Fox and I told the two subjects we had to leave and jumped into our vehicle, immediately responding code 3. At first I thought a subject was shooting inside a theater at the Mandalay Bay, similar to the tragic event at the Bataclan Theater in France, November 2015. While driving, I heard Officers state there was an Officer down followed by more rapid gun fire on the channel. A few moments later I heard another Officer state there was another Officer down. I began to hyperventilate and shake while driving. I desperately thought to myself, "could one of the Officers be an Officer from my squad? My area of command?". "I don't want to go to a funeral". I began to pray to God the Officers would survive. As I attempted to take deep breathes, I pleaded with God to help me and my partner. As Officer S.Fox was directing me where to go, we pulled up to E. Reno Ave. and Duke Ellington Way just south of the Wyndham Hotel. I observed several patrol units parked on both sides of the street and further west several other units parked by the Route 91 Festival located at Giles St. and Ali Baba Ln. I could see a cloud of dust in the distance and hundreds of people running east bound toward us.

Officer S.Fox stated "put your gear on". I immediately stepped out of my vehicle and heard hundreds of people screaming and a long 3 second round of rapid fire traveling in our direction. I crouched down next to the driver door and scurried to the trunk. I threw on my plate carrier vest and began to put my helmet. I heard a loud bang just south of us near large gas tanks located by the aviation center. As I opened the passenger side door

to load and ready the patrol vehicle shotgun, I heard another 3 second round of rapid fire coming from the direction moments earlier. I realized, the gunfire was coming from the Route 91 festival. I thought "how many suspects are firing? Where are they?" I looked at Officer S. Fox desperately waiting for her to tell us what to do. I was aware I was either going to have to run toward the gun fire to stop the threat or help the injured around me. I was terrified. I questioned God, "Why?" Why am I going to die today? I don't want to die. This is what I was trained for? I have to see this? Why? I don't want to do this anymore." I thought, "I want to run, look, there's a field, you can run find a street, call a cab, leave, go home!" Then, I said to myself, "how hard have you worked, the academy, the badge, the love you have for people, you have to help, you might die, that's okay, you can't go, you have to stop the threat, you have to save them."

I looked to my right and could see several people on the side walk lying down, sitting and crying, with blood all over them, other people surrounding them, tending to their wounds. I looked to my left and saw people running down the street, a woman lying on her back while a subject was administering CPR with an ambulance next to them, and other Officers arriving behind the ambulance. A male Sergeant arrived to my right and stated he needed an assault team. I heard an Officer over the radio state there gunfire was coming from the 32 floor of the Mandalay Bay. I looked at Officer S. Fox in fear for what we would have to do. I knew we had to go to the threat, to stop it, but thought "How, if the suspect or suspects were on the 32 floor?" While asking Officer S. Fox if we needed to go, several subjects to the right of me began to yell at us, stating "why aren't you doing anything? People are dying!!" A male pulled my right arm and stated "please help me, a woman was shot on her back, she's lying on ground at the east side entrance doors." I looked back to my left and saw an approximately 10 man team in MACTAC gear walking with a patrol SUV traveling west to stop the threat. I looked back to my right and told the male subject, I'll help. Other Officers had arrived at this time and I asked them how many tourniquets they had on their person. Many Officers stated they only had one or two. I remembered I had one on my person for myself and one in the car for a victim. I ran to the female victim on the ground and observed a bullet wound on her back. I turned her over to her side. The male subject who asked me to help them asked if I knew how to apply all types of medical equipment and was using terminology I did not understand. He handed me a few packages of medical supplies and I stated I had very little training on medical lifesaving techniques, except how to apply a tourniquet and CPR. I quickly opened the kits and opened the gauze. I quickly used the gauze to push into the bullet hole with my finger to stop some of the bleeding. The male subject stated, he would take over from there. I listened to the radio and heard there were Officers on the 32<sup>nd</sup> floor breaching the doors to stop suspect who was shooting.

I jumped up and ran back to Officer S. Fox who was standing with a Sergeant and a few other Officers and the ambulance was now gone. I asked other Officers if they had more tourniquets. The Officers stated they only had one for themselves. I opened my trunk and took out the extra tourniquet I had. As I opened my trunk, Officers stated shots were reported being fired at the Tropicana, moments later, reported shots fired at the MGM, Bellagio, Cosmopolitan, and Aria. I thought, "The entire strip is under attack, I might not make it out alive tonight, I have to save as many lives as I can." I looked toward the festival and saw a van driving traveling east on Reno at a high rate. The van stopped by us with the driver side sliding door open. I observed approximately 10 injured people in the van, one young adult white female in particular had a bullet wound on her right upper arm. She had two pieces of fabric wrapped around her arm, however her arm was bleeding profusely. I yelled at a young male adult holding onto her to bring her up to me so I could apply a tourniquet. As soon as I was able to grab her arm the male and several other subject pulled her back into the vehicle. I began to yell at them to help me put on the tourniquet and bring her back up to me so I could hold her arm. Everyone in the van panicked. I slid the tourniquet on her arm and the subjects yelled that they had to go. I told the male to apply the tourniquet correctly and to wind it tight.

I looked down and saw blood on my hands. I began to cry and told myself to stop. I knew I wouldn't be able to help anyone if I did not keep my emotions in check. I turned toward Officer S. Fox acting as security with her AR Rifle slung and also saw tears in her eyes. I knew she was feeling what I was feeling, but we had to be strong. Again, I asked if other Officers had an extra tourniquet because I only had one for myself. I saw a white male adult who was sitting on the side walk bleeding from a gunshot wound on the upper part of his arm. I crouched to my knees and applied the last tourniquet I had to his arm and gave him the time. He male smiled

at me, laughed, and gave me the incorrect time back to me and stated he was going to be okay. I smiled at him and looked around at the other victims. I stood up and observed a white male wearing a plate carrier with approximately 10 Israeli bandages and gauze. I asked the man where he had gotten so many tourniquets and how he had gotten ahold of a vest. The male stated he was an off duty Fireman and had the supplies in his car. I thought "this dude is an angel, thank you God." He gave me a few bandages and gauze and I shoved several in my pockets. He stated he would stay with me as a team to help victims. I looked around and remembered learning in the academy, in situations like this, the best thing to do is decipher by obvious circumstances who is dead, whose injuries I cannot treat with my capabilities, and who I can help. I knew how to apply a tourniquet and knew to pack gauze to stop bleeding, so I decided this would be my job until enough ambulances arrived or we could get victims to hospitals by other means. I saw dozens of subjects who had gunshot wounds to their backs, chest, hips, feet, and other areas I could not apply tourniquets. One individual had been shot in the stomach and right arm. I crouched down on my knees and could feel the blood soaking into my pants. I opened the Israeli bandage to apply it to his arm. A woman helping him told me she was a CHP officer and stated she could assist from there.

I stood up, took my shotgun back to my vehicle, and continued to help dozens of victims with gunshot wounds. Several times, individuals huddled by a victim to assist. When I could come within arms distance would state they were off duty nurses, firemen, military, and other first responders or everyday citizens who had little or extensive medical knowledge and stated they didn't need help and were assisting the victim. I remembered I had collected supplies in my vehicle. I removed a box of gloves, a box of hand sanitizer, a black trauma kit, a cameo trauma kit, and seven hobbles I had collected for a situation like this. I decided since there were so many people helping each other, I would collect all my supplies, open packages and place it on the trunk of my car for anyone needing supplies to assist victims. At one point while assisting victims, a young white female wearing a white dress and cowboy boots came up to me holding a blue cup filled with water. I was hesitant about drinking the water because I'm so used to rejecting anything any subject gives me in the field for obvious safety reasons. I was so thirsty, I took the water cup and began to drink. As I looked down I could see my hands shaking from shock. I thanked the young woman and she stated she would come back with more water for the rest of the night. I thought to myself, "this woman doesn't have to be here, but she's here selflessly helping all of us." She came back several times and then disappeared.

I continued to look for victims to help and I saw a male and female adult putting a white sheet over a woman's body and it was apparent she was deceased. I looked into a small parking lot on the south side of the hotel as saw two other bodies with sheets covering them, one body several subjects stood by protecting the body. I was alerted over the radio that there was suspicious vehicle covered with wires in the parking garage. I continued to help victims walk and slowly evacuate the area. Officers over the radio stated there were several trucks and cars driving east bound on Reno at a high rate of speed. My fear was one of the vehicles would be the vehicle that had explosives on it. I looked up toward the Mandalay Bay and thought "this suspect is watching us, they and whoever else is involved is listening to our radio traffic, they aren't going to stop, the gun fire is going to start again and one of the vehicles speeding in our direction might be blow up as soon as it arrives. This suspect has calculated everything and sees victims receiving help in various places and they will kill us by whatever means necessary." I thought "No one else is going to die, including me." When the trucks drove past I saw dozens of victims lying in the back seats of the cabin and truck bed who had been shot, several in the face. Two of the several trucks had stopped and I ran to assist the victims and at least apply a tourniquet to a limb wound. I would start to unpackage a tourniquet and would see an individual with a gunshot wound to their face or head and have to give a different subject a tourniquet so they would hopefully apply it correctly on their way to the hospital.

I looked behind me and saw several ambulances arriving and a bus. My Sergeant who had the same idea as myself ordered me to ask the bus driver to help us transport victims without life threatening injuries to the hospital. I ran to the bus and asked the driver to help us. The bus driver was a little reluctant and had no idea about the shooting. I pleaded with the bus driver to help us. He agreed and followed me as I ran toward the victims on the street and yelled at him to follow me. I told several subjects to keep everyone calm and briefed them on the plan. Calmly people boarded the bus. After the bus left I told anyone who was still at the scene

they would need to evacuate into the inside of the Wyndham hotel and the Hooters hotel because my fear is that the vehicle with wires was still coming for us. Anyone who was not critically was still on scene and quickly evacuated. I was notified by a subject there was a woman inside the Wyndham hotel who had an injury that needed medical attention. Myself and Officer S.Fox walked to the hotel room and observed about 30 subjects in a room taking cover and a woman who had broken her leg. With the help of a few subjects, we were able to clear the hotel hallway for individuals to carry her with an orange stretcher left at the scene out to the street for an ambulance to arrive and transport her.

The sergeant on scene ordered me to provide security for our area. I stood as west as I could stand to protect victims still on scene and loved ones next to the deceased bodies who refused to leave. After a few minutes the Sergeant on scene stated there was a woman behind the office buildings just south of our located who stated she was on the phone with the shooter. We quickly developed an approximate 10 man assault team to investigate the alleged statements. While clearing the perimeter of the office buildings a van backed out of a parking spot. At that point I thought it could be the vehicle that I had been fearing and began to fall behind the line thinking it was going to blow up or someone had an assault rifle and was going to shoot us all. Thankfully the vehicle was not related and drove away. After clearing the area, it was apparent this was an allegation and the person who made the statement was nowhere to be found. The only subjects in the area were hiding in the buildings for cover. Several people who had hidden in the area began to walk toward us for assistance. We were able to evacuate the area. One subject stated there was a deceased woman in the parking lot south of the Office building. The Sergeant I was with ordered 3 of us to go with a citizen with a truck to recover her body. I decided to go, rode passenger, propped the door open, rested my barrel on the door panel and drove to the parking lot. When we arrived, the woman was lying on her back wearing shorts and cowboy boots with a gunshot wound to her head. I kept repeated "Oh honey," I saw her body and felt like I was losing grip on reality. Two of the officers and the male citizen driving picked up her body and placed her on the truck bed of the vehicle. I looked back and could see the blood dripping from her hair. In the distance I could see several subjects mouthing statements to us. I allowed them to walk over after placing the woman's body in the truck bed. The subjects pleaded for us to bring them to safety. We agreed to allow them to drive with us back to the hotel where we still had several officers standing by as security.

After returning I continued to stand as security. While standing facing westbound, I saw a white male adult wearing a full cameo uniform holding a green backpack walking from the south side of Reno to the north side of the street. I immediately alerted my Sargent. We got into an assault team and followed the male into the Tropicana parking lot. We immediately gave the male verbal commands and investigated the suspicious male. After placing him in handcuffs, I grabbed the back pack and opened it up fearing there could be an explosive or a firearm inside. After searching the bag, it was apparent there nothing suspicious in it. It was discovered the male had been in Las Vegas for a different event and had gotten separated from his platoon during the incident. A few of our Officers escorted him to the Tropicana. After returning to the scene the Las Vegas Fire Department Pro Team arrived. Myself, Officer S.Fox, the Sargent on scene, and a few other male Officers assisted Fire by developing a diamond formation and entered the hotel to find victims in hotel rooms. We were able to recover three victims inside who needed medical attention alongside observing several rooms with 20-30 people who entered somehow for cover.

After clearing the hotel, the Sergeant on scene notified the team that there was a phone pinged relating to the shooter at a nearby hotel. He stated we would have to investigate. After waiting for the orders to walk to the hotel, we were notified the phone ping was unfounded and unrelated. We continued to evacuate the area and stood by as security for a total of four bodies and family members who refused to evacuate until medical arrived. At this time it was approximately 0600 hours. I told my Sergeant we would need to notify the family members that medical was not coming for their loved one. My Sergeant stated victims and victims' families were being transported to Headquarters. After he notified the family members still on scene, myself and Officer S.Fox transported a father and daughter of one of the victims. Before we left, I watched the father and daughter kiss his wife and the female's mother goodbye on top of the victim's forehead over the white sheet she laid under. After transporting the victim's daughter and husband to Head Quarters, we returned to SCAC to stand as security to the south side of the boulevard until receiving relief around 0700 hours. This incident was the most tragic experience I've ever witnessed. I questioned God, my capabilities, my sense of reality, and my dedication to this profession. After experiencing this catastrophic event, I feel that God

placed me in the right place at the right time, I am more confident in my abilities and plan to constantly develop myself, my sense of reality had diminished that night as a way for my body to have perseverance which I appreciate, and because I stayed in the face of death to help the victims and potentially stop the threat, I am more dedicated to this profession than I ever have been. Before this day, I had questioned humanity. I thought most people were selfish and would do anything to get ahead or survive thought there were very few people like myself who would actually help one another. I witnessed people helping each other, staying at the scene while shots were being fired to save one another. I was notified many people had shielded each other from the gun shots by lying on top of each other, had stolen a few patrol vehicles, stolen other citizens vehicles, and had used their own vehicles to transport victims coming back to the scene over and over with the same fear of getting shot and dying. This incident restored my faith in humanity. I am completely dedicated to the Las Vegas Metropolitan Police Department and this strong city of Las Vegas, NV.

We arrived around 9 pm we were standing near the sound bars by the bar directly in front of the stage. We saw flashes & heard what we thought were fireworks. Everyone started running out. We ducked down until we realized we needed to get out & started running away from the strip. That's when we got shot. We hid under a table bullets were hitting the table top & all around us. When it got quiet for a min we ran again & went to MGM Monarch where Lou helped get us an ambulance.

## DETAILS

I was in the crowd watching the show, towards the middle. I heard a few loud cracks to the right side of us, we thought they were fireworks. There was a pause & then we heard many more loud pops in quick succession, then everyone started screaming & running out of the center of the crowd, we jumped behind some tables & then were just trying to find a way out while the gun shots continued. We made it out & just kept running.

Event #: 171001003519

Where I lost my sister I stayed there waiting. There  
was a guy looking for help because he was stuck in  
the arm and was trying to get the numbers. I went  
up to the guy told him if he needs help he should  
just go tell him where the ambulance I told him I didn't  
see him he told me thank you that he was going with  
his friend. I then found my sister and her friend.  
We then walked to the back of borders and asked  
if there was a way if we could use their phone to call.  
We called my mom and she was on her way. The  
people that let us the phone told us to go with them  
that it was not safe but we told them it ok  
but parents were on their way. We left to the  
front of borders and was waiting and there  
was a big traffic so we was running and saw  
my truck we crossed the street and hoped at the  
car. my mom did a U turn we were going home  
and saw lots of people still running. We picked  
up some people that was close while we lived  
and told them we'd be dropped off.  
They said far from the mess so we looked  
them to Boulder Highway. We went home. ~~and~~

STATEMENT OF: [REDACTED] (AS)

AS: Uh, [REDACTED]

WH: Okay. Uh, you were attending the Route 91 Music Festival?

AS: Correct.

WH: Okay. On that day, uh, what happened?

AS: What happened? Its li- like (unintelligible)...

WH: If you wanna start at w- approximately where were you located at when the incident took place?

AS: Um...

WH: And, where did you go...

AS: Uh-huh.

WH: ...and just sort of what did you - did you see anything or know where it was coming from, things of that nature.

AS: Okay. Um, Jason Aldean was playing, I was towards the back of the stage, like where the grass ends, um, and I don't know, he was on his third or fourth song and we just heard something that sounded close to fireworks, but you could tell it was a little more serious than that. Um, and then everyone - once we realized, everyone got down, and then we - I was in a group of eight and we kind of just got all separated somehow, some way. Um, I got down, there's like a bar at the very end by the, um, concrete, and I tried to hide underneath the bar. Um, and I just - people kept yelling, "He's coming, he's getting closer - he's getting closer," so some people started running one way, other people the other way, and I was just laying, kinda like

on the concrete and I just - I didn't know what to do 'cause I couldn't hear it getting closer, but peop- that's what people were saying, so I got up and ran, um, I was on the phone with [REDACTED] and I just - I don't know, that's when I got shot. I just fell to the ground, um, my phone went sliding that's all I could really remember, but I just thought I was gonna die, so I like, scooted over to get the phone so that I could say bye. Um, when I got over to get the phone I kidna just crawled over to like, I don't know what kinda booth, maybe a t-shirt booth, um, to try to get underneath there to see if there was any chance I was gonna get, somehow get picked up. Um, there was, thankfully, we kinda just laid there, 'cause everyone was kinda in the same situation. Um, everyone in there was basically hurt, so there were a few guys running back and forth. Um, and then they offered to pick me up and take me. I didn't know where I was going, it happened all so fast, and I was in a lot of pain, couldn't walk. Um, so they picked me up by like, my feet and my arms and, I don't think they were aware that my foot was not working properly, so it kinda like slid out, they dropped me, then they picked me back up, put me in a car, just some random guy that they flagged down, I think he was an Uber driver from what I can remember, he was - his wife was at the concert, and he was an Uber driver looking for her, and he was nice enough to take me to what I guess was - what did they keep referring to?

INITIALS-Q1: Tria- the triage area.

AS: in the triage area.

WH: Okay.

EVENT#: 171001-3519  
STATEMENT OF: [REDACTED] (AS)

AS: It was kinda like an open place, um, where they were kind of, not dumping people off, but taking them there to kinda get us, um, just like tagged for a number, kind of like, what our injury was. Um, I laid there, like I said, I don't really know timing 'cause everything just happened so fast, um, and slow it felt like, but, once, uh, we got there, they tagged me and I had this really nice - she wasn't a nurse that was like, helping, but she - she was at the concert, she kinda just sat there and held my hand and talked me through it, and, um, that's, uh, sorry, I'm just shaking.

WH: It's okay.

AS: I really didn't know if I was gonna make it, I just was just laying there in so much pain, (crying). Sorry.

WH: Don't be.

AS: And they put me in the back of a pickup truck, pretty sure it had, like, (unintelligible) on it, and I had two other people in the back of the truck with me, and like, they were definitely hurt, but I don't - I was just - they were kinda in conversation so the nurse sat back there with me and just held my hand and just talked me through it. then, once we got here, it's kind of blurry here, I somehow got in to the, um, hospital, and they put me on a bed and like, I kinda just sat like against a wall say for about 45 minutes to an hour until they s- started taking people back into the hospital and hooking us up and giving us pain meds. Um, and then, somehow I ended up next to my best friend that I went to the concert with, and we were laying next to each other, she got hit in the back. And we just kept looking at each other and just crying, 'cause we both have two kids at home and (unintelligible) to get home somehow. So we just

laid there and just hoped that it was gonna be okay. and somehow we're here, so, I don't know (unintelligible) in contact with her and my sister, and my aunt, um, they all drove out here, and I had surgery, um, at 11 o'clock the next morning.

WH: Where were you hit?

AS: In my leg. My right leg. And then, just been here since surgery.

WH: And when all this occurred, did you s- could you see or tell where the shots were coming from?

AS: I had no idea - no idea where they were coming from. You could just hear it, I mean there was just - yeah, no idea.

WH: Okay. Now is there anything else that you think's important that you wanna get in your statement that may have not have been said, or through this incident?

AS: Um, no, not that I can recall, it's kind of - I think each time I say that story maybe something else rings a bell to my story - not story, but, kinda like just little things keep coming back, but nothing that I can think of.

WH: Okay. Uh, I have no further questions, uh, this will be the end of the interview.  
Current time is 1747 hours.

EVENT#: 171001-3519

STATEMENT OF: [REDACTED] (TO)

TO: Okay, so my wife and I, uh, were, uh, on the southeast section of the venue, we were southwest, we were really close to the stage, but we were also close to Las Vegas Boulevard...

MJ: Uh-huh.

TO: ...which I would say was probably one of the worst areas.

MJ: Yes.

TO: Um, uh, so we were watching the show like everybody else, uh, the first magazine, I thought it was fake, um, it just didn't sound right because of the - the distance of the sound and - and it sounded so high, I did what everybody else did, I looked up in the sky for fireworks. Um, there wasn't anybody directly, that I saw fall out, so we - so I didn't hear any commotion or screaming, so I didn't - I wasn't quite sure if this was for real or not, and then, um, when the second, uh, magazine started going that's when, uh, we saw people becoming victims and - and falling and that's when the chaos set in. uh, so right around that time, we, um, we knew we gotta get outta there, and we started proceeding due north, um, I think the third magazine might've started at that point, and that's when we could feel the rounds were in our vicinity, so we ran to the bleacher area...

MJ: yeah.

TO: ...and the tent area.

MJ: Uh-huh.

**VOLUNTARY STATEMENT**

EVENT#: 171001-3519

STATEMENT OF: [REDACTED] (TO)

TO: We tried to take cover there, and, um, my - my wife got down by this fence thing, I got over her and put my arms kinda round her like that, and that's when, um, I felt my leg, my right leg here at the - just above my knee, and my right forearm get hit. Uh, I told my wife, I said, "Babe, I'm hit, we gotta go, we can't stay here," and, um, and sh- sh- I - we got up, I was able to, uh, put weight on my leg, and, uh, at that point I remember we went straight north along that fence and tents.

MJ: Uh-huh.

TO: And, uh, at that point I started yellin' at people, "This is for real, get up, get moving," I noticed a lotta people were frozen.

MJ: Yep.

TO: And I tried screamin' at people to get 'em goin'. We went north, which wa- and we tried to make that left, which I would consider like a middle exit...

MJ: Uh-huh.

TO: ...on Las Vegas Boulevard, we tried to exit outta there, and I think that's when the gunman was targeting his fire at that location, because there was a big mass of people going out, and they all flipped around, they said, "Don't go this way," I think victims were - there was victims starting to pop, uh, drop there. so from there we went perfectly east, uh, all the way across the venue, and, um, there was - we could hear, the, uh, another magazine of gunfire, we would drop down on the ground, get back up and go again, another one, we'd drop down on the ground, so I made it all the way to the east, like about middle of the venue on the far east and that's when I

ran into, um, two, uh, Las Vegas Metro Officers. Um, I approached one of the officers and I told him that I was a Fire Fighter Paramedic and I need his trauma bag because I was shot twice. Um, the officer went to his trunk, he got out his trauma bag, he, uh, cut my pants on my right leg, and he placed a tourniquet, uh, above my - my wound on my right leg. Um, then there was a civilian, and I believe she said she was a Army Field Medic, she grabbed a swathe from, um, the Metro trauma bag and she wrapped the swathe on my forearm. Um, we weren't there very long, and there was this gentleman, he was driving a, uh, red Dodge, uh, heavy duty I believe it was, with a long bed, and he was probably the first truck that started evacuating people and he got out and he said, "Any injured and wounded get in the back of my truck and I'll take you guys to the hospital," so we, uh, we, uh, oh, and I know - and I know when I was at the officer's car it was 10:14, because we called my father-in-law here, and, uh, so that's when we were at the officer's car.

MJ: When you were there, did you still hear any gunfire or did it stop?

TO: Yeah, absolutely.

?: There was gunfire all the way until we...

MJ: Okay.

TO: There was gunfire...

TO: There was still gunfire, it w- we were literally diving in and, um...

MJ: There was other people in the truck with you?

TO: There was probably at least 10...

MJ: Wow.

TO: ...maybe more people, there were - some of them were critically, uh, wounded. Uh, we all were piled in like a can of sardines, just all on top of each other. And this gentleman, uh, proceeded out and proceeded north, to - I think to the first, what's that the MGM?

MJ: Uh-huh.

TO: Yeah, at Tropicana he made a right, I could hear him, uh, layin' on the horn tryin' to get through traffic, and then all of a sudden I could hear another driver pulled up next to the vehicle and said, "Hey, are you guys tryin' to get to the hospital?" And - and our driver didn't know the area, and he's like, "Yeah," and, um, so he's like, "Dude, follow me," and...

MJ: Hm.

TO: ...they all like, kinda like a procession, and they all just were blarin' their horns, and they were goin' through, uh, intersections and they, uh, got us here to this hospital. Um, we were the first victims to - we were - we were the first victims to show up to this hospital, my wife was the first one in the lobby, and she told the people in the lobby, "Everybody get out here, we got a truck full of people who have been shot in the concert." Um, uh, somebody helped me into the, into the, uh, lobby, and that's when I believe the Charge Nurse came out, and I tol- I looked her straight in the face and I said, "This is for real, we have a mass casualty shooting, activate MCI and call everybody in you're gonna have over 100 - 100 victims."

MJ: Uh-huh.

TO: And, um, you know, they got - eventually got us - got me in the back and...

## DETAILS:

Ya entro a trabajar a la 1:00 pm en la limpieza de  
baños. Cuando empiezo pensar que eran fuegos pirótecnicos  
en la segunda sala de estar que había pasado al abrir  
la puerta vi a mi hermana correr hacia mí. Todos corren  
por lo que nos encontramos en el pequeño baño. Comenzo  
la tercera sala de estar. Llame a mi hijo por que pensé que  
podría estar en peligro durante un tiempo, y estuche algunos ruidos  
disparos. El dueño de la compañía que nos contrato llega  
a escena y al salir comenzamos a correr y verla  
a toda la gente tirada, a una en particular sangra, ha  
mucho por lo que me detiene pero un policía me empuja  
y me dice que me vaya. Seguimos corriendo pero yo  
trataba de buscar por mi hermana, pero había  
gente que nos decía que siguieran  
corriendo. El trauma de ver a tanta  
gente herida y saber que podíamos  
morir es insuperable.

## DETAILS

we were at the last showing of the country concert across the street from luxor and immediately ducked down and started running towards Excalibur. we waited around the casino for 10min. then starting running again towards luxor, through the back side (Reno + Las Vegas Blvd) we ran through a back door and as we turned to the right, we saw about 4-5 that looked middle-eastern walking in a single file line dressed in all black ~~at~~ & last person in the back had a shoulder strap on AR-15. we immediately ran the opposite direction where we came from and hid in a closet til a police officer found us about 11:30 (20's-30's yr old men)

## DETAILS

I heard the gun shots coming from my right. When I looked towards Mandalay Bay I saw flashings coming from hotel window and then everyone dropped to the ground I could not see much after that because I was covered under a lot of people. After multiple rounds of gun fire my husband and I finally decided to make a run for it. At that point I could still hear gun fire as I was running and people to my left and right kept dropping. We never stopped running until we reached motel 6 and gas station. Hard to see much in the chaos.

DETAILS I was ~~in~~ in the front of the concert on right hand side of the stage. I heard the shot's going off and was looking around to see where it was coming from. I saw two flashes coming out of mandalin bay hotel room's then i saw a flash of light coming from luxur hotel room. I yelled for everyone to get down and take cover. While I was going down to cover my wife the guy next to me got shot in the chest. I waited for the gun shots to stop. After the fifth time of them stop shooting I grabbed my wife and ran toward's oppsite side of concert away from shooter. By the time we got the middle of the concert. They opened fire again we jumped beside the center bar. then after they were done shooting we ran again out of the concert. It sounded like a AK-47 full auto gun's shooting. I know my gun's pretty well.

## DETAILS:

Gracias muy agradecida por estar vivo. Era sueldo en mi trabajo mi compañera la señora Guadalupe y yo estábamos en nuestra break de 15 mins y ella estaba en una mesa al que le iba a pagar el perro muy enojada y nos pusimos a llorar por el perro. En ese momento vino la señora y se desahogó y corrimos a buscar una salida. Todavía como 20 min para salir y corrimos en un rumbo. Mi compañera se caía y le quitaba yo pero que nos caían los zapatos por lo que no los dejamos y le dimos que nos pusiéramos por tanto gente que estaba y corrió llorando y temblando.

La gente estaba llorando cuando se desahogó, llorando, llorando, llorando. Todo estaba bien hasta que vino la señora.

Trabajo de limpieza en convenciones y todo lo que sé de lo que sostenía a mi familia. Tengo que ayudar a mi familia en cosas que sé que por el trabajo fue muy difícil.

En el momento que la guardaba.  
Durante 3 noches de cuando fue cuando más gente había  
falta bien hasta esa noche.  
Un policía esa noche como una hora antes entró  
a preguntarme a los chicos si todo estaba bien  
y yo le contesté que sí, que todo estaba en  
orden. Erán dos policías.  
Después cuando dejamos los balcones derribados en  
el lugar, bajamos los balcones como de 2 metros y  
ayudamos a personas a salir. De ahí después  
hicimos prohibición y todo lo que encontramos para  
hacer entrar en un túnel que nos sacó al  
Camino Tropicano. Cuando ahí llego que no querían  
dejar el tráfico. Veían gente atrás que decía que  
otras personas estaban ahí.  
Nos escondimos en el baño del Hotel Tropicano.  
Erán muchos que los veían, muchos.  
Estuvimos ahí como 20 minutos y nos llevaron a  
un salón. Nos dieron agua y papillas y ahí estuvimos  
hasta la 5 de la mañana que pudimos salir.  
Nos dijeron que ya podíamos salir. No me  
dejaron sacar mi celular sino hasta anoche  
de octubre.  
Siento náuseas, no me he desahogado.

## DETAILS:

On Sunday, October 1, 2017 at approximately 2305 I was at the Route 91 Harvest Festival with my fiance [REDACTED] my Uncle [REDACTED] aunt [REDACTED] and cousin [REDACTED]. We were located at the center state near the center bar area which was approximately 40 yards from the main stage. Withing approximately 5-10 seconds of Jason Aldean's second or third song started (When she says baby) there was a repeated continuous sound in the distance which sounded like fireworks cracking from afar. The crowd seemed hesitant but there was not any panic within the area we were all located. Jason Aldean took out his ear piece and continued to sing for about 10-15 seconds when all of the sudden he stopped and ran off the stage. The apparent "firework" sounds stopped and all the lights around the state went dark making visibility difficult for all. At this point the crowd near us were hesitant and appeared confused to what was going on. Withing approximately 30 seconds the lights came back on which faced the crowd the "firework" sound came back louder and in a heavier continued sweep. At this point the crowd was are this was not fireworks and people were starting to take cover anywhere possible as well as run for any exits. [REDACTED] pushed me to the ground to my stomach and told me to get down and cover my head. [REDACTED] then said when I say run, you run. He said we will wait for the Police to return fire then we run. All the while we were thinking someone was in the festival shooting not realizing the bullets were being rained down on us. I could hear the bullets hitting the ground all around us people screaming and watching people drop to the ground like flies. We could hear the spray of bullets getting closer to us. At this time it was a constant spray of bullets for approximately 2-3 minutes. [REDACTED] then stated it was time to run. ## CONTINUATION

Event #: 171001003519

My uncle and aunt told us not to run and play "possum". [REDACTED] stated this was not the movies and we are not going to lay here being picked off one by one. [REDACTED] grabbed my arm and said when I say run you run and don't let go. We thought my family would follow, when we didn't hear the bullets that close to us [REDACTED] said "run now." At this point I was hysterical and was merely a rag doll being drug behind. I do not recall where we ran to for an exit as I was looking all around people running for their lives, at one point I saw a gentleman shot on the abdomen hunched over trying to run. [REDACTED] and I ran to a fence we noticed a gentleman struggling to push over a freezer to hop over the fence. [REDACTED] pushed the freezer over and threw me over and I landed on my back landing on another patron. [REDACTED] helped a few other women over the fence while, and then he emerged over the fence. At this point my asthma was full blown and I could barely breathe and did not know where we were, we saw Hooters and tried to run in, however people were running out of the building at the same time so we did not feel safe in there either. I then saw [REDACTED] run into the road until a white pickup truck stopped. [REDACTED] informed them of what had transpired and they offered to take us to safety. About 15 other patrons hopped in the bed of the truck and we all drove off. The driver took us to a Del Taco located at Tropicana and Maryland, I went into the bathroom and there were other patrons there too crying and praying. We held hand and prayed. [REDACTED] was finally able to reach my family and confirm they were all safe. My asthma was so bad I recall passing out not being able to breathe. I do not know how long I passed out for, but when I woke I was informed my uncle [REDACTED] was on his way to get us all. My uncle [REDACTED] lives in Sumner and heard about it on Twitter before any news station on TV was picking it up. We all finally arrived back him about 1:30am.

DETAILS On Oct. 1, 2017, I was working Route 9 I went as a bartender. I worked all three day the V.I.P East Bar. On around 10pm, I was serving drinks to guests while Jason Alden performed. All of a sudden we heard what seemed like fireworks, crackling. My guest and coworkers tried to look for the lights but nothing. Once again we heard it again, but this time Jason stopped singing. These sounds now sounded like shots. The light went off and people started running down the stairs, screaming, and we all got scared. We first ducked down not knowing where the shots were coming from. Shots again were fired this time closer to my location. I hid behind the bar with guests and coworkers. Guest and myself started praying holding hands. We didn't know where to run as others climbed the fence with wire to escape. I was

a shocked face. They didn't know what to do. They on some fringe. I ran passed them and towards the Tour buses from the Singapore to cover and then ran on the street by the apts. I told my sister I couldn't run anymore. I was scared, I didn't want to die. I just running by told me you can't stop running, they were still shooting. It was loud. I had to try keep running. I kept going with my sister still on the phone hearing everything. People dragging, people on the ground I passed while I ran. I passed the employees parking and come up to an airport, a small one. So myself and others made it there we knocked on the glass entrance for help. Security let us in and put us in a room with 2 grey like garage openings. We were told to stay quiet and we got scared. I hid behind a garbage can by the corner. I was scared worried also for my brother. An off duty officer with a gash on his eyebrow was with us. We were told if we didn't stay quiet we had to leave. The officer informs us they were still shooting outside. Not sure how long after they moved us to another room they stood thing. The officer kept telling us to stay calm. He told us there was shooting at other properties.

I stayed in the room while staying in contact with my boyfriend, sister, and my brother. After a while the officer informed us that the shots had stopped and they had one person but still looking for other shooters. My brother was able to walk from Tropicana Hotel, back towards the Gate 6. He walked by the apt's towards the airport I was at. Once he let me know he was there, I walked out with my brother. We carefully went to the parking spot next to the apt's. We got in his car, and drove out by the gas station towards Russel. There we saw tanks waiting. Many will tell me one shooter. But I was there. Someone was there shooting at us. No speakers didn't pick up noise. I heard what I heard and I never ~~forget~~ <sup>will</sup> forget. Scariest night of my life.

DETAILS At approximately 10PM I was in "Burger Bar" finishing up dinner.

The hostess informed me and my coworker that there was an active shooter at the country music concert.

She offered that we could stay there or leave - we opted to leave thinking that we would be safest in our rooms.

A hotel/casino employee stopped us before we could get to the elevators. Shortly thereafter police directed us to leave the hotel/casino.

The very little information was available - rumors were overheard - that there were 3 shooters, 2 shooters, 1 shooter. ~~was~~ I heard that there were 3 bursts of shots.

**DETAILS** On Oct 1st. I was working as an ice runner (stocker) for Backyard BBQ. It was at the end of the night when all of us present at the Las Vegas Village event center heard what appeared to be fireworks. It was when I saw people running towards the exit doors and jumping fences that I became aware that it was ~~not~~ fireworks and perhaps something serious. Everyone running in panic when I saw this and realized that it was gunshots I was hearing I decided to run myself through the exit door that go into the Area on Reno St. As people kept running I decided the further I went the safer I would be so I just kept running and ended up by the Tropicana parking lot. The name of the event was called Route 91

**DETAILS** We were at a country music festival in Las Vegas Nevada. Jason Aldean was performing and we heard gun shots all of a sudden. We were confused thinking it was fireworks but they continued to go off. Everyone was screaming, screaming, more shots were fired and everyone began to run, crawl, and try to get out of there and get to safety. As we went on our way, we saw people shot on the floor. We saw one man in handcuffs with the cops. He was a white man, white hair, ~~about~~ in his 50's + maybe. We went to a building and hid near the airport until we made our way to a truck who took us to the college.

## DETAILS:

I heard the first few shots, which sounded like a cap gun go off, next to me as I was in Suite 5. There were in Suite 6 and I seen shrapnel hit a woman in front of me. Then we heard massive amount of gunfire and helped instruct people to get down and get low. I then stand in the doorway of the suite, getting people inside as fast as we could.

After inside a woman loaded the door, which I then was able to get open finding 2 of my friends outside on the patio area. Then pulling them inside, we then wait the rest of the gunfire out with 6-7 other people, which kept hitting our suite.

After it stopped, we headed out the back and out the East gate, getting from the festival. We then found more friends and kept heading East away from the festival, got picked up by my brother's girlfriend at 1:50 am on 10/20 and left (picked up) at 11:00 am and home.

**DETAILS**

email

I was in Room 132, of 32nd floor, of the Mandalay. I heard the shot - very loud - @ 10pm. Almost sounds like the room where the shooter was could have been the room next door.

It seemed a few minutes later that I heard next shot, could have been in a room down the hall, in the opposite direction. Not sure of that.

By the point - @ 1030pm or so - I had the TV on, seeing the early report of the active shooter.

Eventually I could hear the Las Vegas police/SWAT teams running down the hallway.

They broke into my room and got me out of there.
